FRIDAY THE 13TH AND  
WHO CARES?

ALBUQUERQUE, NEW MEXICO, FRIDAY, FEBRUARY 13, 1914.

EVENING HERALD  
VOL. 2, NO. 292.

## Bertillon, of Finger- Print Fame Dies

(By Leased Wire to Evening Herald.)  
Paris, Feb. 13.—Alphonse Bertillon, creator of the system of criminal identification, which made his name known throughout the world, died here today, aged 61.  
Bertillon's title was "director of the anthropometric department of the Paris police." He had been ill for some time, suffering from an aneurism complicated with other maladies. He was operated on in October.  
Bertillon was a distinguished anthropologist and was the author of many works on ethnography, anthropometry and criminal photography.

## 500 POLICEMEN IN TOKYO PUT DOWN RIOT WITH SABRES

Two Hundred Japanese Arrested as Result of Outbreak Started as Protest Against Increased Taxation.

(By Leased Wire to Evening Herald.)  
Tokyo, Feb. 13.—Serious riots started by citizens of the Japanese capital as a protest against the levying of income or taxation led to the arrest of 200 persons in the lower section of the city early today. The disorders were quickly suppressed by a column of 500 policemen, who used their sabres freely.

In pursuance of its determination to stifle all street demonstrations the government today ordered the arrest of a number of editors of opposition papers which had advocated the agitation. Their newspapers were suppressed. Mass meetings have been called for today and tomorrow to insist on the resignation of the cabinet and to protest against the harshness used in the suppression of popular demonstrations.

## BIG DIPPER HAS GONE DIPPY

Handle Moving Wrong Way and Constellation Will Disappear, Says Astronomical Sharp.

(By Leased Wire to Evening Herald.)  
Albany, N. Y., Feb. 13.—Prof. Louis Boss, director of Dudley observatory, eminent astronomer, in a lecture at the state education building last night, declared that he is now fairly convinced by recent observations and deductions that some force, of the general nature of an electro-magnet may be the law governing the motion and structure of the stars.

He also asserted that five stars of the Big Dipper are traveling along together, while the two at the extreme ends are moving in the opposite direction, so that eventually the configuration will be broken up.

lost their jobs because they complained of conditions under which they worked and were unable to get work in neighboring mines, because they were members of the union.

The committee indicated through a statement by Chairman Taylor that the present inquiry would embrace an investigation of the entire Federation of Miners, the Calumet and Hecla Mining company and the Citizens' Alliance only in so far as was necessary to ascertain the causes underlying the strike.

An offer to submit the Western Federation of Miners to a searching investigation if an equally full inquiry was made into the affairs of the Calumet and Hecla Mining company, was made today at the opening of the congressional committee's hearings.

Representative Robert M. Switzer of Ohio, arrived today and sat with the committee. Representative Hamilton of Missouri now is the only absentee.

The announcement was made that the hearings would be held at the county court house in Houghton beginning Monday, owing to the limited capacity of the hall here.

BITUMINOUS OPERATORS AND MINERS MAY AGREE  
Philadelphia, Feb. 13.—Prior to going into their secret conference today the representatives of the operators and miners of the central competitive bituminous fields expressed confidence in their ability to arrive at an agreement with regard to a new wage scale without suspending the production of coal. The offer of the operators to arbitrate differences existing when an agreement expires was the principal subject under discussion between the two sides.

## COUNSEL FOR THE PLAINTIFF NOT IN LOVE WITH MR. GORE

Chief Attorney for Mrs. Bond Admits on Stand He Dislikes Defendant Because Latter Failed to Get Friend a Job.

PROSECUTION RESTS IN \$50,000 SUIT

(By Leased Wire to Evening Herald.)  
Oklahoma City, Feb. 13.—Counsel for Mrs. Minnie Bond, who is suing Senator Thomas P. Gore for \$50,000 damages as the result of an alleged assault in a Washington hotel, rested their case today. James H. Jacobs, who was expected to be one of the principal witnesses in the case, was not called. It was announced that Jacobs will be used in rebuttal.

T. E. Robertson, former law partner of Ross Lillard, chief of counsel for the plaintiff, was recalled as a witness today in the hearing of the \$50,000 damage suit brought by Mrs. Minnie E. Bond against United States Senator Thomas P. Gore in the district court here. Robertson was being questioned by the attorneys for Senator Gore when court adjourned yesterday.

He admitted enmity toward the senator, but the witness asserted that Gore had promised to use his influence in behalf of H. A. Rogers of Oklahoma, mentioned as a candidate for the post of secretary of the interior, but had failed to do so. Robertson was called as an eye witness to indignities which Mrs. Bond alleges were offered her by Senator Gore in Washington last March and on which her suit is based.

The witness gave practically the same testimony as Kirby Fitzpatrick, who preceded him on the witness stand, relating that he witnessed the alleged attack on the woman, which is said to have occurred in a Washington hotel.

Robertson, Fitzpatrick, Mrs. Bond and Dr. J. H. Egan, another witness for the plaintiff yesterday, all declared they were in Washington on political missions to obtain appointments to federal positions and all failed. It is the contention of Senator Gore's attorneys that the present suit is a result of a political intrigue.

James S. Jacobs, former Democratic national committeeman from the Indian Territory, was to be called after Robertson's cross-examination is finished. It was in Jacobs' room that Mrs. Bond alleges that the senator attacked her. Mrs. Gore accompanied the senator to the court room and sat beside him.

Shortly after Robertson took the stand to continue his testimony he was excused temporarily and Deputy Sheriff Hault was called.

The witness testified that the senator had evaded service of the papers in Mrs. Bond's suit and that he was prevented from seeing the senator by a number of friends of the latter who barred the door to Gore's room in a local hotel. Sheriff Hault was called and testified that he took the papers and went to see Gore but met the same tactics. Late at night, however, he said, he caught sight of the senator in the hotel and served the papers on him.

## SUN PAO CHI SUCCEEDS HSIUNG HSI-LING

(By Leased Wire to Evening Herald.)  
Peking, Feb. 13.—A presidential mandate was issued today accepting the resignation of Hsiung Hsi-Ling, the Chinese premier, and appointing Sun Pao Chi as acting premier until a definite nomination is made.

Four Killed in Explosion.  
Keweenaw, N. J., Feb. 13.—Four employees of the Hercules powder works were killed in an explosion late last night, which destroyed the packing house of the plant, where tons of powder were ready for shipment to Mexico.

## PRESIDENT'S COLD SLIGHTLY BETTER

(By Leased Wire to Evening Herald.)  
Washington, Feb. 13.—The following statement was issued at the White house at 3:15 p. m. today.  
"Secretary Tumulty announced this afternoon that, agreeable to the advice of his physician, the president had decided not to attend the New Jersey reception tonight. The president insisted, however, that the reception be held. The president's cold is satisfactorily responding to treatment, but Dr. Grayson believes it is best that he remain in his room for the day."

Although President Wilson's cold was better today, he kept to his room and a cabinet meeting was cancelled. Mr. Wilson had expected, however, to leave his room tonight and meet about 400 guests at a special New Jersey reception.

## WARMER WEATHER EXPECTED IN THE EAST

Zero Blanket Still Remains Over Atlantic States and New England Today.

NINE DIE IN NEW YORK AS RESULT OF STORM

(By Leased Wire to Evening Herald.)  
Washington, Feb. 13.—Snow and cold today and tonight, and warmer tomorrow, was today's prediction from the weather bureau.

The Texas storm advancing on the east turned into rain today as it approached Tennessee, and even had caused thunder showers on the Gulf coast. Snow and sleet fell in the south Atlantic states as far north as the Carolinas but the zero blanket remained over the middle Atlantic and New England states.

From the Ohio valley snows were expected to extend to the New England coast and to bring general rising of temperature tomorrow.

## NEW YORK EXPECTING SEABOARD SNOWSTORM

New York, Feb. 13.—New York today was still in the grip of its second cold wave of the winter with the temperature rising slightly with dawn and predictions of an approaching snowstorm from the southwest, which is hourly expected to envelop the eastern seaboard.

## NINE LOSE LIVES IN NEW YORK COLD SNAP

New York, Feb. 13.—The cold wave claimed another victim here today. The death of Eric Nelson, an aged tailor, frozen on the streets, brought the total since the arrival of the zero weather Wednesday night to nine.

The municipal lodging houses and other charitable organizations overflowed with human derelicts and unfortunates. Prostrations reported by the police are almost continuous.

The lowest dip in the mercury today was at 7 o'clock this morning, when it stood at 1 below.

All over the city, water, gas and other supply and feed pipes burst.

## ST. LOUIS IS ALMOST SNOWED OUT BY BLIZZARD

St. Louis, Feb. 13.—St. Louis was nearly shut out today as a result of a blizzard that started last night and which at 10 o'clock this morning was at the height of its fury. Street cars on all routes were blocked. Most of the through passenger trains arrived about on time but only to encounter a blockade in the terminal yards. Great difficulty was experienced in getting the trains into Union station.

## HINDUS THREATEN WORLD'S WORST REVOLUTION

Approval by Britain of Exclusion by Colonies Will Precipitate Terrible War, Says Oriental Professor.

REFUSES TO STAND FOR HUMILIATION

(By Leased Wire to Evening Herald.)  
Washington, Feb. 13.—Predictions of "the fiercest revolution the world ever has known" if the British government approves the Hindu exclusion policies of its colonies, were made today before the house immigration committee by Dr. Subindhr Bose, a professor of the University of Iowa, during an argument in which he contended that Hindus were an Aryan people, entitled to naturalization here. He urged that, if the Hindus were to be excluded here, a "gentlemen's agreement" be made between the United States and the British Indian government to restrict the immigration.

"A special law excluding the Hindus would humiliate us in the eyes of the world. It is not necessary. We are a great class of British subjects," said Dr. Bose, "and are entitled to the rights of such a class. International complications may follow an attempt to exclude us."

"The colonies of Great Britain are excluding Hindus," observed Chairman Burnett.  
"The central government in England has not endorsed such action," replied Dr. Bose. "If it does, it will precipitate the fiercest revolution the world has ever known. The people of India are awakening and if they are to remain a part of the British empire something must be done; some solution of this problem must be arrived at which is more reasonable than any yet suggested."

Six Vice Admirals for Navy.  
Washington, Feb. 13.—The bill to create six vice admirals in the navy was passed by the senate and now awaits action by the house. Their salaries were fixed at \$13,000 a year and the age of retirement at 65 years.

## Me Lud Parts Hair With Wife's Comb

(By Leased Wire to Evening Herald.)  
San Francisco, Feb. 13.—Lord Decies had to part his hair today with his wife's comb, on the way to his hotel last night, a dress suit containing his shaving utensils, brushes and comb and other accessories of the toilet was lost or stolen. He reported the loss to the police today. Lord Decies and his wife, who was Miss Vivian Gould, daughter of George J. Gould, is touring the country in a private car. He arrived from Salt Lake last night and expects to go to Los Angeles in a few days.

## Ultra Violet Rays Set Off Torpedoes at Distance

Following Successful Experiment, Revolutionizing Warfare, Secret Is Sold to Italian Government.

(By Leased Wire to Evening Herald.)  
Florence, Italy, Feb. 13.—A successful experiment of exploding torpedoes from a long distance by means of the ultra-violet rays discovered by Giulio Ulvi, was carried out here today. Signor Ulvi has handed over his secret to the Italian government.

Although today's experiment was secret, it became known that Admiral Pietro Fomari had placed in the River Arno two torpedoes charged with the smokeless gunpowder and two others with black gunpowder.

The ultra-violet ray apparatus was posted on the tower of the Palazzo Capponi, two miles away. When the signal was given the apparatus was set into operation and in less than three minutes all four torpedoes exploded.

## INTERSTATE TRADE COMMISSION BILL UNSATISFACTORY

Clayton Measure Believed Unconstitutional and New One Is Likely to Be Drawn.

(By Leased Wire to Evening Herald.)  
Washington, Feb. 13.—While President Charles Van Hise of the University of Wisconsin was testifying today before the house commerce committee, Representative Stevens of Minnesota, ranking Republican of the committee, declared the administration Clayton bill for an interstate trade commission was unconstitutional in many respects. No member of the committee defended the bill, which was framed by Chairman Clayton and others after conferences with President Wilson. The discussion which followed seemed to indicate that a new bill might be drawn.

Dr. Van Hise urged that a commission be empowered to investigate the affairs of any concern so large as to have assumed a public interest or likely to co-operate with other firms in controlling the market. He contended that under present conditions the country was as helpless before great industrial corporations as it was before railroads and food manufacturers came under control of the interstate commerce commission and a pure food body.

"The problem to be met is fair distribution of profits between stockholders and wage earners. Co-operation is all right within limits but we must have a commission to watch over it," said President Van Hise.

Henry B. Towne of New York urged the judiciary committee to combine the trade commission project with other trust and commerce proposals into one measure to carry out the legislative program.

## FIVE SENATORS NAMED TO INVESTIGATE I. AND N.

Washington, Feb. 13.—Five senators were named in a special resolution today to co-operate with the interstate commerce commission to investigate affairs of the Louisville & Nashville railroad and get information the railroad refused to give federal agents.

The commission had reported Vice President Magruder of the Louisville & Nashville was defying its agents, withdrawing important information from files and threatening to destroy the records.

With a senate committee authorized to participate in the inquiry such action could be held contemptuous. The committee might also employ special counsel to aid in its inquiry.

## Anti-Mien Bill Killed.

Columbia, S. C., Feb. 13.—The anti-Chinese bill directed against ownership of land by Asiatics, was killed in the senate today at the request of its author, following the failure of a similar bill to pass the lower house last night.

## ATTEMPT MADE ON LIFE OF OFFICER

United States Naval Lieutenant Shot in Hip by Unknown Mexican Gunman in City of Vera Cruz.

## EXCITEMENT IN AMERICAN COLONY

Further Particulars Revealed of Bold Plot by Federals to Take Horses Across the Border.

(By Leased Wire to Evening Herald.)  
Vera Cruz, Feb. 13.—The attempted assassination of Lieut. Arthur B. Cook, flag lieutenant to Rear Admiral Mayo of the U.S. battleship Connecticut, which, since its occurrence on Wednesday night, has been kept as secret as possible, became generally known in the American colony today and caused excitement.

Lieut. Cook was the recipient of many congratulations on his escape from death. The bullet struck him in the left hip. The police are still searching for the assailant. It is said they have a clue to his identity.

A party of British bluejackets landed two machine guns from the British flagship Suffolk late last night and placed them on board a car of the Mexican railway, consigned to the British legation in Mexico City. With the guns was sent a great quantity of ammunition.

It is assumed here that the guns and ammunition are intended for the defense of the British legation in case of an uprising in the federal capital.

## NO REPORT ON SHOOTING OF AMERICAN LIEUTENANT

Washington, Feb. 13.—Neither Rear Admiral Fletcher nor any of the diplomatic or consular officers in Mexico reported today on the shooting of Lieut. Arthur B. Cook in Vera Cruz last night. Secretary Bryan said he had made no inquiry.

Mr. Bryan said his department had no knowledge of the reported intention of British officials in Mexico City to seek permission from London to land a force of marines from the cruiser Essex to handle the machine guns recently moved to the British legation in Mexico City.

## FURTHER DETAILS OF FEDERAL PLOT UNFOLDED

El Paso, Texas, Feb. 13.—Further details of the plot by which a detachment of federals, or federal irregulars, recruited in El Paso, crossed into Mexico with their arms Wednesday night, were learned by Robert T. Neill, United States district attorney here, today.

Juan Rodriguez, who was in charge of the horses at Yaleta, said that he was hired by "a man" who said Rodriguez was to let none of the horses leave the corral except on order of the Mexican consul, or in the case of one Efraim Modesto, who might take out the animals as he wished.

Rodriguez said that the twenty-seven horses taken Wednesday night were removed by Modesto, who was assisted by three men. Of the five other Mexicans rounded up by the American troops, none knew Rodriguez. Erasmo Murga, one of the men, said he had been hired by Francisco Alderete to watch the pasture. This ranch "hand" was garbed in leather leggings and in garments such as were worn by the Gerosco federal irregulars at the battle of Ojinaga.

Investigation of the ownership of the horses progressed today. It was learned that they were part of a lot purchased from the Mexican consul at Ojinaga by a ranch show. The Cattle Raisers' association held up the deal with a claim that some of the animals had been stolen from the Terrazas ranch in Mexico by the federal soldiers, but this claim was withdrawn later and the outfit shipped to El Paso and placed in Alderete's corral at Yaleta. Alderete said that the pasture was rented from him. He declined to divulge to reporters the name of the man.

## MEASURES TAKEN FOR PROTECTION OF GERMANS

Berlin, Feb. 13.—The Mexican situation came up for discussion today in the imperial parliament. Dr. Alfred Zimmermann, under-secretary of state for foreign affairs, answered an interpellation by two of the national liberal leaders as to "whether Provisional President Huerta has made representations to Germany in regard to the raising of the embargo on arms by the United States."

Dr. Zimmermann said the United States government, when it informed Germany of the raising of the embargo, had expressed the conviction that nobody outside of Mexico could enforce a settlement of that country's difficulties. The restoration of Mexico, he said, could be hoped for only if the Mexican parties were allowed to fight out their quarrels without interference, and the raising of the embargo merely gave American citizens the same right of selling arms as was enjoyed by other nations. The under-secretary informed the house that measures had been taken to protect Germans in Mexico and declared that Mexico would be held fully responsible for all their property losses.
